Dear CityNet Member,

At the 38th Executive Committee (ExCom) Meeting in Lalitpur, Nepal on November 7, 2019, ExCom members resolved the need to restructure and/or develop new CityNet clusters. This idea was a response on the need to make the clusters more responsive to the members.

Some ExCom members suggested creating a new cluster that will open up to private sectors. Other members suggested on giving more focus within current cluster themes like the Sustainable Development Goals. At the end of the discussion, ExCom members decided to gather more ideas and further open the deliberation with members.

In line with this, we humbly request you to help us bring in more ideas and gather recommendations in developing and/or restructuring our cluster system. By filling up this survey, we will be able to further respond to the needs of our members. We will acknowledge your suggestions and recommendations with full acknowledgement and confidentiality.

The results of this survey will be formed part in our deliberation during the Pre-39th Executive Committee Meeting in Jeju, Republic of Korea on April 23-25, 2020. By the end of the 39th Jeju ExCom, CityNet members will make concrete recommendations for adoption by the General Assembly in 2021.

Thank you in advance for your time answering this survey. Please see the attached survey form. Email the survey form at programs2@citynet-ap.org

Alternatively, you may also answer the survey online at http://bit.ly/CityNet2020SurveyClusters

If you have questions, please email ychang@citynet-ap.org and programs2@citynet-ap.org

We hope to receive your ideas on or before February 21, 2020.

Thank you.

Sincerely,

Vijay Jagannathan
Secretary-General
